

## How do I create a new Genboree Account?

1. **Go to** <http://www.genboree.org>
2. **Click** 'Register here!' or you can directly go to the **Register New Genboree Account**
3. **Enter** Login name, email address, first name and last name
  - Optionally **Enter** Institution and Telephone number
4. **Click** Submit
5. **Go** to your email (the one you registered) for registration email
6. **Click** on the URL in the registration email
7. **Enter** the password you want to use for your account
8. **Click** Submit
  - This activates your Genboree account

Go to <http://www.genboree.org>, **Click** 'Register here!'

You are currently not logged in.

## Genboree New User Registration

Login Name (\*)

First\_Time\_Genboree\_User

Any name from 5 to 40 characters long.  
Only letters, digits and underscores are allowed.

Email Address (\*)

ftgu@gmail.com

Must be your valid email address.

First Name (\*)

First-Time

Last Name (\*)

Genboree-User

Institution

Telephone

I want to receive occasional emails about Genboree updates and have access to software download.

<Back

Submit>

Please choose a "login name" which will be used to identify you when logging to Genboree, and provide at least the required (\*) personal information. Note that the user name must be unique within our system. If it conflicts with an existing registration, you will be prompted to reenter.

Please note also that your email address is required to complete the registration, so be sure to provide a valid one.

**We will never share any personal information (such as emails and telephones) with any third-party persons or organizations. All your personal data will never be used by ourselves but for the purpose of improving your experience with Genboree.**

Click OK

Thank you for registering with Genboree. An email has been recently sent to the following address:

**ftgu@gmail.com**

It contains instructions to complete the final registration step. Please note that your registration is not complete until you follow these instructions.

OK

Genboree is built & maintained by the **Bioinformatics Research Laboratory**  
at **Baylor College of Medicine**.
